

# Novisto becomes a CDP Accredited Solutions Provider

Novisto is now an official Accredited Solutions Provider of the **CDP** with a license to incorporate its 2021 questionnaire questions. The CDP is a not-profit global disclosure system for investors, companies and cities to manage their environmental impact. By licensing their questionnaires, Novisto's platform helps organizations leverage their existing ESG database and accelerate their journey towards environmental leadership.

"Novisto is proud to become a CDP Accredited Solutions Provider and we are looking forward to improving our clients' disclosure process by offering them an intuitive end-to-end solution for data collection, reporting and analytics," says Édouard Clement, Chief Product Officer and Co-Founder of Novisto. "Like CDP, we believe in the power of "fit-for-purpose", quality data to support better

management of ESG issues, including the very important matter of climate change. ”

“In the critical task of limiting global warming to well below 2 degrees Celsius, the ability to capture and communicate ESG data with ease serves as a foundational step in any organization’s journey of becoming more sustainable. State of the art SaaS solutions as offered by Novisto can help CDP’s diverse network of disclosers drive insight and action from their environmental data with the click of a button,” says Paul Robins, CDP’s Head of Partnerships.

In addition to the CDP, **Novisto’s platform** supports all major ESG and sustainability reporting standards and frameworks, including the Sustainability Accounting Standards Board (SASB), Global Reporting Initiative (GRI), and the Task Force on Climate-related Financial Disclosures (TCFD).
